

Dear A-AAA Band Director,

Welcome to Silsbee High School for the high school UIL concert and sight reading contest. The contest will be held in the auditorium, band hall and choir room. The warm-up will be in the band hall, the performance will be in the auditorium and sight reading will take place in the choir room. The contest office will be in the auditorium lobby.

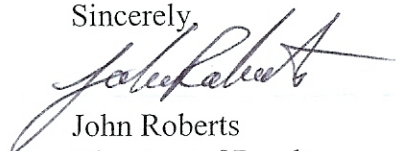

To unload students and equipment, turn left after the pond and guard shack and go to the driveway in the back of the auditorium (there should be a guide there waiting for you). After unloading in this area, then all buses and equipment trucks should proceed to the visitors parking lot at the football stadium or the field next to the guard shack (refer to map). Please do not use the front of the school for any unloading or pickup since we are having classes and this area is used throughout the day.

The Silsbee Band Boosters will have concessions available in the gym foyer. Your students may go to this area after they have finished their contest performances. Once again, please do not let your students go to any other area of the school since we are having classes.

Percussion equipment available on stage will include 4 timpani, bass drum, chimes, xylophone, vibraphone, marimba and bells. If you need additional equipment, please contact me. Please bring your own mallets. Sight reading room will be equipped with snare drum, bass drum, crash cymbals, triangle and bells. There will be no percussion equipment in the warm-up room.

We look forward to having you on our campus for this contest. If there is anything that we can do to be of assistance, please do not hesitate to call at 409-980-7877 x127

Sincerely,

John Roberts
Directors of Bands
