All students will be dropped off near the cafeteria and walk along the walkway to the rear of the auditorium. Remember, there will be NO AREA FOR CASES and PERSONAL BELONGINGS. Leave all cases on your busses. Student helpers will meet your band at the drop off area. Help will also be available at the Equipment Loading Area. Directors will need to go with the truck when you arrive so you may check in ASAP.

Bus Parking will either be in the Faculty lot, the “West” Student lot, or along Memorial Park Drive near the band practice field. We are limited on parking so please ask your drivers to be flexible. We will try to have students to escort your kids back to the busses after your contest is completed OR we’ll have the busses return to the drop off area for “pick up”.

We must remind you that school is in session on our campus. We ask that your students stay in the areas provided and not disturb other classes etc. Also remember that 7:30am and 3:00pm are very busy traffic times on our campus and it is quite congested. If you are scheduled to perform around those times you may need to provide a little extra time in your schedule just in case.

The Fine Arts wing will be a very busy place but we have devised a flow chart that will help everyone warm-up, perform and sightread with no distractions from other bands and limited hallway congestion. The contest office will be in Ensemble Room 1 located in the main hall.
