

Start of the Timing Clock Clarification

The announcer will indicate when the next band may, "take the field" (move from the gate).

The 5 minute pre-placement/warm-up timing will begin when the first person crosses the implied plane of either the end zones or front/back sidelines.

Back Sideline

Front Sideline

The red, dotted lines indicate the implied end zone & sideline planes. The 5 minute pre-placement/warm-up timing will begin when the first person crosses any of these implied boundaries.
