

S&E Online Ratings Access

There is now a Direct Link that you can send to your students and staff that will take them directly to this year's UIL S&E Contest Ratings for your school. I encourage you to forward the link to your students prior to the actual contest. Using this link, they will be able to "View Only" your students' ratings as soon as they have been scanned in the Contest Office! Since this feature will allow the students, you and your staff to see the ratings in "Real Time", we will not be posting ratings at the contest site! This process will also allow you to check for accuracy as the contest proceeds!

To get your Direct Link to Results Page:

- Log into your Charms Account or www.texasmusicforms.com
- Choose Blue S&E Ratings Tab
- In "Select Event" dropdown box – choose the correct contest – Show Entries
- Copy & paste the Direct Link and send to your students and staff prior to the contest

You may want to print a copy of this Ratings Page prior to the contest for you and your staff to use on contest day to keep track of the results as the day progresses; this may prove helpful to you at checkout time.
